

Beaches

Casa Maydell is located 40 minutes' drive away from the beaches of Vera and Garrucha. The famous resort Mojacar is about a 45 minutes' drive away.

Vera

The historic village of Vera and the associated resort of Playas de Vera offer a mixture of culture and fun at the beach. Playas de Vera is a popular place for nudists (one and a half kilometers of naturist beach). There is no problem to going clothed or naked in this area.

It is easily assessable from the nearby roads so ideal if you have children or mobility issues.

It also provides excellent activities such as water sports and golf. In Vera you can find

buildings that reveal a Roman and Arabic past: Iglesia de Nuestra Señora de la Encarnación, the St. Augustine's church, and an interesting archaeological museum. The weekly market on Saturday is also worth a visit.

Garrucha

Garrucha is a beautiful sailing and fishing village where you can enjoy excellent beaches and delicious seafoods at its restaurants. A walk along the long and lively boulevard is a pleasant way of spending your time.

Mojácar

The popular village of Mojácar is divided into 2 parts. The actual village Mojácar is located on a hill and is traditionally Spanish with narrow, steep streets. It has some cozy taverns, plazas, and restaurants. The more touristic part of Mojácar is located by the sea and has a beach promenade

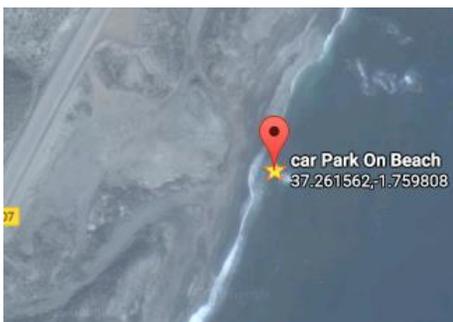

with mostly restaurants, taverns, and pubs.

Small beaches,

There are also some very small coves, which can drive down to and have your car with you on the beach, - so good if you have young children or mobility issues. We've given the GPS locations to help you find them. (but of course you take your car on the beach at your own risk!!)

GPS location 37.410092, -2.135947

GPS location 37.261562,-1.759808
